- 8) Horse Max & Liz would most like to take home
- 9) Prettiest Mare
- 10) Handsomest Gelding

Mid Sussex Riding Club Camp Saturday, July 17, 2021 - THINGS TO NOTE

- Please arrive between 8.30 & 9.00am to settle your horses into their stables (we are using the indoor stable yard). Please park sensibly in the lorry park
- You will need to bring buckets/haynets/feed/hay etc for your horse for the day. I would advise everyone to bring their own mucking out tools due to Covid (or if unable to and using Brinsbury's/other's please sanitise before and after use and use gloves). There is a tap from water inside the yard by the wash bays
- Stables will have bedding in them, which could be straw or shavings, and we don't know which until we arrive. Please don't just put your horse in a different stable if you don't like the bedding
- There will be contact cards on each stable, if you can please complete these so we know who to contact in the event of an emergency
- There are competitions and prizes to be won! but it is all just for fun 😊
- Any help putting out poles/jumps and putting away again would be hugely appreciated!
- if you want to start warming up 5 mins before your flatwork lesson, you can do so, either in the small outdoor, or go straight into the indoor, but please keep out of the way of the person still having their lesson
- Please respect social distancing as Step 4 doesn't come into play until the Monday following - Hands, Face, Space! There will be sanitiser placed at the common touch points
- Lunch will be provided, along with tea/coffee, cold drinks and homemade cake also available throughout the day in the classrooms
- I would appreciate if everyone stayed until the end of day, even if your lessons are finished early, otherwise there will be 1 or 2 very unhappy ponies left on their own at the end of the day
- Please ensure at the end of the day the stables are mucked out (including wet) and left in an acceptable state
